To: All Stakeholders

From: Michele Craig, HCBS-DD and SLS Waiver & Supported Employment Coordinator
Adam Tucker, Adult Services Coordinator

Date: September 23, 2015

Subject: COMMUNICATION BRIEF
National Core Indicators (NCI) 2013-14 statewide stakeholder engagement sessions

Purpose:

To update the Communication Brief released on September 16, 2015 inviting all Stakeholders to statewide engagement sessions being held to discuss the National Core Indicators (NCI) Consumer Outcome Final Report for Fiscal Year 2013-14.

Background:

The NCI are standard measures used across 40 states to assess the outcomes of services provided to individuals with intellectual and developmental disabilities and their families. Key areas of satisfaction are measured in areas such as employment, respect/rights, service planning, community inclusion, choice, and health and safety.

To gather the information included in this report, face to face interviews with a random sample of 400 adult individuals with a Developmental Disability who receive at least one Medicaid Waiver service other than case management, were conducted. This FY 2013-14 report includes information from 28 states as not all states that participate in NCI administer the Adult Consumer Survey on an annual basis.

Information:

The Division for Intellectual and Developmental Disabilities (DIDD), is announcing multiple stakeholder engagement sessions to review and discuss the recent NCI report. See the attached, updated flyer for dates, times, meeting locations, call in information and webinar registration information.
